Education

- Department Of Technology, Kolhapur   2021 – 2025
  B.Tech in E&TC   CGPA: 7.5 / 10

- D. K. A. S. C. College, Ichalkaranji   2021
  HSC Board (Science)   Percentage: 78.00%

- Shri Ram High School, Nangnur   2019
  SSC Board   Percentage: 78.20%

Projects

- **Hotel Ordering and Billing Management System (2025)**
  - Built a full-stack web application for digital menu display, table-specific food ordering, and secure billing.
  - Developed responsive UI with HTML, CSS, and JavaScript, and backend APIs using Node.js and MySQL.
  - Implemented real-time order tracking, payment management, and automatic bill generation.
  - Designed scalable architecture with proper schema design and API integration.
- **Automatic Driving Assistance System (ADAS) (2025)**
  - Developed ADAS features including automatic headlight dipper, braking assistance, collision detection, wiper control, and eye-blink detection using Raspberry Pi.
  - Gained hands-on experience with modern vehicle safety systems.
- **Real Time Juice Quality Monitoring System (2024)**
  - Developed an IoT-based system to monitor juice quality parameters like pH, temperature, and sugar content in real-time.
  - Created a web dashboard with live data visualization and alerts, improving accuracy and efficiency in quality control.
- **Personal Portfolio Website (2024)**
  - Developed a personal website to showcase professional details, a resume, and projects. Built using HTML and CSS with a responsive and clean design.

Technical Skills

- **Programming Languages**: C, C++, Java, Python
- **GUI Frameworks**: Java AWT
- **Web Technologies:** HTML5, CSS, Node.js, Spring Boot
- **Database Management:** SQL, MySQL
- **Version Control:** Git, GitHub, Netlify
- **Tools & Platforms:** VS Code, Eclipse, MySQL Workbench

Internship Experience

- **Intern – QSpiders, Deccan, Pune (2025-Present)**
  - Training in Java, SQL, web technologies, and manual testing.
  - Working on real-time projects with a focus on development and database management.
  - Practicing industry-standard coding, debugging, and testing techniques.
- **Intern – Piyu System Power (2023-24)**
  - Gained hands-on experience in panel wiring, Function Block Diagram (FBD), Programmable Logic controller (PLC) basics, and industrial automation.
  - Worked with controllers, switches, and automation processes in practical applications.

Certifications & Other Activities

- Two-time runner-up in volleyball at Shivaji University, Kolhapur.
- Member of EISA Committee 2024.
- Coordinator of National Level Technical Project Competition TECHFEST-2K24.
- Coordinator of the ELECTROXTREME-2K25 Competition
- Coordinated at various events organized by the EISA committee
